Academy Talent Team Edition

Hey everyone, I am Naomi - I recently joined the Ten10 team as an Academy Talent Advisor. This means I deal with all things recruitment such as reviewing applications, interviewing, running assessment centres and onboarding.

I am passionate about helping underrepresented groups get into tech. I am a firm believer that regardless of your background, anyone can get into tech if they are open-minded, have the right attitude and the willingness to learn. I am a career changer - before this role, I worked in the legal industry and graduated with a Law degree at the University of Manchester.

I am excited to join the team because I enjoy meeting new people and desire to make a positive impact by helping kickstart people's careers into tech.

Last week, I attended A33 core training, it was great to meet all the new Trainee Junior Consultants and learn about some of the different methodologies taught by our internal training team.

In my spare time, you can catch me doing boxing, dancing and travelling.

Feel free to contact me if you need any interview tips or just want a chat!

Academy Talent Team Edition

Hi everyone, my name is Sarah and I have recently joined the Ten10 team as an Academy Talent Advisor! This means that I hire for our Academies with the Talent Team. I am looking forward to interviewing applicants and helping them through their application process. I have had the pleasure of already onboarding a few and making their dreams come true! I will also be attending and helping with events to bring new talent in and look forward to doing so.

I completed my studies at the University of Greenwich in Professional Writing and Media Communications. I pretty much stumbled upon a career as a recruiter for the Tech Industry and instantly fell in love with it. My background is very colourful, but recruitment is where I really see my career blossoming.

I have really enjoyed my start here at Ten10 and I am enjoying being a part of such a welcoming and supportive team. I am based in our London office and if you haven't already, don't hesitate to come and say 'Hi' or you can reach out for any enquiries.
